TRIBUNE ALMANAC FOR 1880.

ECLIPSES.

In the year 1880 there will be six eclipses, four of the Sun and two of the Moon:

I. A Total Eclipse of the Sun, January 11, invisible in this country except along the Pacific coast and the region of the Rocky Mountains, where the Sun will be more or less partially eclipsed just before sunset. The central path of the eclipse begins near the Ladrone Islands, curves southward till it almost touches the Equator, and then runs in a northeasterly direction, passing south of Honolulu, and reaching the Pacific coast of the United States, near San Francisco, where the eclipse begins at 2:41 p. m. and ends a few minutes before sunset.

II. A Total Eclipse of the Moon, June 22, invisible here.

III. An Annular Eclipse of the Sun, July 7, invisible in America. It will be seen as a partial eclipse in a large part of South America. the South Atlantic Ocean and the Cape of Good Hope. The central line, along which only the eclipse will be annular, begins near the Falkland Islands, and follows a sharp curved path wholly confined to the higher latitudes of the South Atlantic.

IV. A Partial Eclipse of the Sun, December 1, invisible here.

V. A Total Eclipse of the Moon, December 16, visible only on the Pacific coast before the Moon sets. At San Francisco the eclipse begins at 5:35 a. m. and is total at 6:44 a. m., the Moon setting at 7:14 a. m., totally eclipsed.

VI. A Partial Eclipse of the Sun, December 31, visible in the eastern parts of the United States at sunrise. and for a short time afterward as follows, the beginning of the eclipse being invisible at the places named. because taking place before sunrise:

Place.	Begins.	Middle.	Ends.

Occultation of Mars.

There will be an occultation of Mars by the Moon on March 17 (St. Patrick's Day). At Washington the immersion occurs at 6:22 p. m. and the emersion at 7:38 p. m, the occultation lasting 1 hour 16 minutes. At New-York the immersion will take place about 15 minutes later. The Moon being then between six and seven days old, the planet will disappear behind its dark edge at an angle of about 90° east, by direct vision, from the north point of a perpendicular line passing through the centre of the Moon. Owing to the great distance of Mars from the Earth, however, the planet will not be conspicuous, and the occultation will, therefore, be much less striking than if Mars were near its opposition.

The Four Seasons.

Spring begins, March 20, 0:17 a. m.
Summer begins, June 20, 8:36 p. m.
Autumn begins, September 22, 11:10 a. m.
Winter begins, December 21, 5:22 a. m.

Morning Stars.

Venus, until July 13.
Mars, after October 25.
Jupiter, from March 15 to October 7.

Mars, until October 25.
Jupiter, until March 15 and after Oct. 7.
Saturn, until April 8 and after October 18.

Venus is in conjunction with Jupiter, April 15; Saturn, April 31; Mercury, May 19 and August 1; the Sun, July 13, with Uranus, August 20; and with Mars September 7. Mars is in conjunction with Uranus, August 1; Mercury, September 28, November 28 and December 23; and the Sun October 25. PARTY PLATFORMS, 1879.

Iowa Republican.

[Adopted June 11.]

That the United States of America is a Nation, not a league. * * * That we approve the financial policy of the Republican party, and refer with pride to its results. Declare that the public debt shall be honestly paid, in honest money, and to this end we are in favor of keeping our coin circulation at its largest practicable volume, and of maintaining our paper currency where the Republican policy has placed it, at par with coin, and to the further end that the dollar earned by labor shall be worth as much as the dollar earned by capital. * * * Concerning further financial legislation we say: Let us have peace, undisturbed by Congressional tinkering, that our business interests may revive, the investment of more idle capital be encouraged, commercial interests fostered, and the general welfare promoted. * * That the profit arising from the coinage of gold and silver should inure to the benefit of the Government. * * * Favor a wisely-adjusted tariff for revenue. * * * Demand a strict economy in the imposition of public taxes and the expenditure of public moneys.

Iowa Greenback.

[Adopted May 29.]

The General Government alone to issue money, the amount in circulation to be fixed by a Constitutional amendment upon a per capita basis, calling in of all United States bonds, and the payment of them in full legal-tender money. * * * That the National banks, as banks of issue, must be abolished by law, and that legal-tender greenback money of the United States shall be substituted for their circulation. * * * That we demand the unlimited coinage of the silver dollar of the present standard weight and fineness.

Maine Republican.

[Adopted June 26.]

That this country is a Nation, and not a confederacy of States, and that the National Government is supreme on all subjects lodged with it by the Constitution, one of which subjects is the right and duty of the National Government to protect the citizen in the exercise of all his constitutional and legal rights, none of which are more important than a free, fair ballot, uninfluenced by fraud or violence. * * * Believes now, as always, in good, honest money for the people, and opposes an irredeemable paper currency as the worst curse that can be inflicted upon a nation. Rejoices that Government promises to pay are now kept, and that the paper currency of the country is redeemable on demand in coin, so that now the dollar of the laborer is as good as the dollar of the capitalist. Condemns all schemes to tamper with the currency of the people, and thereby again unsettle public confidence, now, happily, just being restored.

Maine Democratic.

[Adopted July 1.]

That we are in favor of a currency of gold and silver and paper, the paper to be kept at a par with coin at all times, and are in favor of the free and unlimited coinage of silver.

Massachusetts Republican.

[Adopted September 16.]

The Republican party of Massachusetts at the close of the first quarter of a century of its history, pledging itself anew to the continued performance of the duties in which it originated and to the defence and maintenance of those principles upon which it was founded, and which are still essential to the peace, serenity and prosperity of the Republic, makes the declarations:

First—We affirm the doctrines heretofore proclaimed and maintained, that the United States of America is a Nation. That, while local self-government in all matters which belong to the States must be fully recognized, the National Government should secure to its citizens, from whom it claims all allegiance, complete liberty and exact equality in the exercise of their civil and political rights. That, whether assailed by political persecutions at home or menaced by tyranny abroad, all citizens of the United States, without distinction of origin, race, creed or color, must be protected by the National Government in all the rights granted to them by the Constitution and the laws. That our institutions rest upon the equality of all men before the law, and that a free ballot, uninfluenced by fraud, intimidation or force, and honestly conducted, is the right of every qualified voter, and we demand that elections shall be free from all interference by unlawful bodies of armed men, and shall be free from the interference of National or State military forces, except when employed as a part of the *posse comitatus*. We denounce that fierce partisan intolerance which prevents a free ballot, denies freedom of political opinion and action, and takes from any of the people the right to choose their homes and to control and enjoy the fruits of their labor.

Second—We deprecate the course of the members of the Democratic party who have undertaken to revive sectional animosities for the purpose of securing political ascendancy in the Southern States, and who have revived the memories of sectional strife by the defiant declaration of a purpose to repeal laws made necessary by the war, and enacted to secure the results of the war, and we condemn their attempts to secure by legislation what was not accomplished by arms, namely, the establishment under the name of State Sovereignty of those pernicious doctrines which destroy the national su-

premacy, and which, in the past, have led to secession and civil war.

Third—The pledges of the Republican party to maintain the National honor and to preserve the National credit have been redeemed in the face of bitter opposition by the prompt resumption of specie payments and the reduction both of the principal and the interest of the public debt. And congratulate our fellow-citizens upon the restoration of confidence and the revival of business which have followed the honest, prudent and wise management of public affairs under Republican administration. We are opposed to repudiation in all its forms, either by a "scaling" of debts or a debasement of the legal-tender circulation. We insist that the paper and coin circulation of the country shall at all times be maintained at par with the gold standard of the commercial world.

Massachusetts Regular Democratic.

[Adopted October 7.]

The Democrats of Massachusetts, in convention assembled, reaffirm the National Democratic platform of 1876 as an authoritative exposition of the principles of our party, and congratulate our political brethren of the whole country that these principles were indorsed in the National canvass by the suffrages of a decided majority of the American people and the Electoral College.

We denounce upon the guilty Republican party stern retribution for the great public crime by which the people were defrauded of their right to be governed by a ruler of their choice, and by which the elective principle was wounded in its most vital part.* * *

Our thanks are due to the Democrats in Congress for their efforts to enforce economy in public expenses, to abolish useless offices, and to correct manifold abuses in public affairs, not least of which are the exclusion of intelligent citizens from the jury box and the levying and maintaining of an army of official hirelings around the polls for partizan purposes.

We believe in self-government by the people, and desire that the polls shall be free from the interference of Federal bayonets directed by the intrigues of a Federal partisan Executive.

We believe the purity of the ballot-box can be better preserved through State authority than by Federal interference.

We protest against laws which authorize the arrest of citizens at the polls without warrant or hearing, and the suppression of their votes by imprisoning their persons until after the election, as upturning the foundation of free government, and we call on Congress to aid the people and rescue the freedom of the elections, undeterred by Republican clamors or Presidential vetoes.

The Democratic party has always denied that any Constitutional power existed in the Federal Government to make anything a legal tender in the payment of debts except gold and silver.

We affirm the obligation of public and private contracts, and demand that public money ought to be kept in the Treasury of the United States, free from control or use by speculators or favorite bankers.

We rejoice with the country at the large and renewed prosperity that attends agricultural and manufacturing pursuits, but we deprecate that Republican policy which, having destroyed our ship-building, placed the carrying trade of the products of our soil in the control of foreign flags, and almost banished our flag from the seas, and imperilled the pursuit of the fisheries among our hardy population, has rewarded Great Britain with spoils she never could have conquered, and abandoned the trident of the seas to her hands. * *

New-York Republican.

[Adopted September 2.]

The Republicans of New-York, pledging themselves anew to National supremacy, equal rights, free elections and honest money, declare these principles:

1. The Republic of the United States is a Nation and not a league. The Nation is supreme within its own Constitutional sphere. It is provided with power to guard its own life, to protect its own citizens, to regulate its own elections and to execute its own laws. The opposite doctrine of State sovereignty is the baleful mother of nullifications, secession and anarchy. Republicanism stands for National supremacy in National affairs and State Rights in State concerns. Democracy stands for State Sovereignty, with its own twin heresy that the Union is a mere confederation only of States.

2. To refuse necessary supplies for the Government with the design of compelling the unwilling consent of a coördinate and independent branch to odious measures is revolution. To refuse appropriations for the execution of the existing and binding laws is nullification. We arraign the Democratic Representatives in Congress as guilty both of revolutionary attempts and nullifying schemes, and we reprobate their action as calculated to subvert the Constitution and to strike at the existence of the Government itself.

3. The safety of the Republic demands free and pure elections. The Democratic Congress has attempted nullification by caucus, by threats of starving the Government, and by months of disturbing agitation, to break down the National election laws. We denounce this effort as a conspiracy to overthrow the safeguards of free suffrage, and to open the ballot-box to the unchecked domination of the rifle clubs of the South and the repeaters of New-York. We declare our uncompromising opposition to any repeal of these just protective laws, and the Republican Senators and Representatives in Congress for their resistance to this attempt, and President Hayes for his veto messages, deserve and receive our hearty approval.

4. The Republican party neither justifies nor tolerates military interference with elections. It seeks only to protect the ballot-box from the interference of force and fraud. It repels the false charges and denounces the false pretences of conspirators who, while professing free elections, everywhere sustain mob law in the South; while inveighing against troops at the polls to protect citizens, refuse to prohibit armed clubs from surrounding the ballot-box to intimidate them, and while affecting that the soldier's bayonet will overawe free elections, remain silent when the assassin's bullet scals the fate of political independence.

5. We call upon the people to remember that the Democratic party fored the extra session of Congress without warrant or ex-

cuse; that it prosecuted its partisan purposes by revolutionary methods; that it persistently obstructed Resumption, and still constantly presses disturbing measures; that it reopens sectional questions closed by the National triumph, and threatens to repeal the war legislation; that its Southern element answers conciliation only with violence; that its hope of success rests alone on a Solid South, and that its triumph would make the Solid South the ruling force of the Nation. We recognize that the free body of the people who defended the Union, of whatever party name, are equally patriotic and equally interested in good government, and we earnestly invoke them to unite in resisting the dangerous designs of a party organization, under the sway of those who were lately in rebellion, and seek to regain in the halls of legislation what they lost on the field of battle.

6. The successful resumption of specie payments, despite Democratic prediction and hostility, is the crowning element of the Republican financial policy. followed by returning National prosperity, improved credit, a refunded debt and reduced interest, it adds another to the triumphs which prove that the Republican party is equal to the highest demand. Our whole currency should be kept at par with the money standard of the commercial world, and any attempt to debase the standard, to depreciate the paper or deteriorate the coin should be firmly resisted.

7. The claims of the living and the memories of the dead defenders of the Nation conjure us to protest against the partisan and unpatriotic greed which expels old Union soldiers from their well-deserved rewards and advances Confederate soldiers to their places.

8. As the pledge and proof of its economy in State administration, the Republican party, in spite of prolonged Democratic resistance, proposed and passed the Constitutional amendments which restrict the expenses of the canals to their receipts, and reform the whole system of canal and prison management, and by extinguishing the public indebtedness and relieving the people from any farther tax, therefore it effected a great saving in State taxation. These fruits of Republican measures the Democrats have brazenly attempted to appropriate as their own. Appealing to the records in support of our declaration, we pronounce their claims unfounded, and hold up their authors as public impostors.

9. The irregularities of taxation which press most upon those least able to bear them should be remedied. To this end the Republican Legislature created a commission to revise the assessment and tax law, and to reach a class of property which now largely escapes, and we remind the people that this salutary reform was unwarrantably defeated by the present Democratic executive.

10. Moneyed and transportation corporations are not alone the works of private enterprise, but are created for public use, and with due regard to vested rights, it is the clear province and the plain duty of the State to supervise and regulate such corporations as to secure the just and impartial treatment of all interested, to foster the industrial and agricultural welfare of the people, and with a liberal policy favor the public water ways, and maintain the commercial supremacy of the State. We look to the inquiry now in progress under the direction of the Legislature to develop the facts which will guide to all needed action.

New-York Democratic.

[Adopted September 11.]

The Democratic party of the State of New-York, in convention assembled, profoundly sensible of the important consequences depending on the immediate result of their deliberations, do declare and reassert the principles of popular liberty and rights laid down by Washington, Jefferson, and the other founders of the Republic. We hold to the Constitution with all its amendments sacredly maintained and enforced, and to the rights of the States under the Constitution. The tendencies of the Republican party to centralization and consolidation are contrary to the principles of our institutions. The United States form a Nation in the sense, the extent and for the purposes defined in the Federal Constitution, and we resist every attempt to transform it into an empire. We insist on unity, fraternity and concord, and that the issues settled by the war shall not be revived. We deprecate the efforts of the Republican managers to revive sectional feuds and to rekindle the passions of the past. We demand honest elections and an honest count of votes. Never again by fraud or force shall the popular will be set aside to gratify unscrupulous partisans.

The Democracy opposes all favoritism. No single interest or class of persons should be protected at the expense of others. Democracy means the government of the whole people, for the whole people and by the whole people; but if any class is to receive special consideration it should be the working people, whom all other governments oppress and crush. The rights of the people should be scrupulously protected from the encroachments of capital and the despotic greed of corporations.

The Democracy believe now, as they have always believed, in gold and silver as the Constitutional money of the country. We condemn the speculative methods of the present Secretary of the Treasury, the questionable favoritism he has shown to particular monetary institutions or so-called "syndicates" and the extravagance he has permitted in his department in connection with his refunding schemes. We look with shame and sorrow on the disgraceful repudiation of all their professions of civil service reform by the Executive and his supporters. Federal offices have been freely given for despicable partisan services; leading officers of the Government are making partisan speeches, managing political campaigns and requiring their subordinates to contribute to campaign funds in derogation of every principle and promise of an honest civil service. The hundred and four thousand Federal officers constitute an army moving under a single direction to keep the Republican party in power, and this vast patronage is now used as a corruption fund against the people. We congratulate the people of New-York on the results of Democratic administration, in the payment of the State debt, the reduction of expenses and the diminished burden of taxation. We condemn the efforts of demagogues to create jealousy and antagonism between the City of New-York

and the rest of the State, when their interests are identical, and the growth of the one is the prosperity of the other. The people of New-York—farmers, manufacturers and merchants alike—demand that they shall have all the advantages which accrue to them from their favorable position, and that the railroads they have chartered and endowed with vast and profitable privileges shall be operated for their benefit and not for their ruin. We therefore indorse as our expression of the foregoing principles the following:

The Democratic officers of the State of New-York, by the ability and fidelity in which they have discharged their duty during the past three years, by their conscientious application of Constitutional tests to the acts of every department of the State Government, by their successful resistance to private and partial legislation, and by their economic conduct of the finances and reduction of expenses of the State Government, have entitled themselves to the gratitude of their fellow-citizens of all parties.

1. Honesty, efficiency and economy in every department of the Government.

2. All property should bear its just proportion of taxation, and we pledge the Democratic party to reform the laws of assessments to that end.

3. Lessening the burdens and increasing the advantages of the working people.

4. The equal protection of the rights of labor and capital under just laws.

5. The railroads prohibited by law from unjust discrimination, and from favoring localities or individuals.

6. The tolls upon the canals to be kept at the lowest rates possible consistent with economical and efficient management.

7. The maintenance of the public schools, the pride and hope of a free State.

8. Prisons for the punishment and reformation of criminals, and not for the injury of honest labor, which should be protected as far as possible from such competition.

9. Municipal self-government in local affairs.

10. That the successful efforts of our Democratic Representatives in Congress in restoring a fair and intelligent jury system, and in protecting the freedom of the ballot and preventing the unconstitutional interferences of the Federal Administration with the State elections, are approved, and the action of the Executive in vetoing the legislation designed to prevent the presence of armed soldiers and the employment of paid Federal supervisors and marshals at the polls, and the use of the public funds for this purpose is denounced by the Democracy of the State of New-York.

11. And as the foundation of all liberty and prosperity, privileges and rights, under our Government, we shall continue to uphold a system of untrammeled suffrage absolutely free from Federal force or supervision. It is the duty of the State, alike in the interest of taxation, temperance, and equal and exact justice to the community, to make such revision of the election laws as will better secure the rights of the citizens to life, liberty, property and public order.

New-York Greenback-Labor.

[Adopted August 29.]

That the National bank currency shall be withdrawn, and that all money that may be used by the people—whether gold, silver or paper—shall be issued by the general Government, and be made a full legal-tender for debts and dues, public and private, the volume of such money to be about $50 per capita, or sufficient to meet all the requirements of trade. That the established volume of the currency shall be increased from time to time in a direct ratio with the increase in the business and population of the country, so as to maintain for the dollars as nearly as possible a uniform purchasing power. That all the new issues of paper money shall be used to cancel the interest-bearing debt of the Nation, to promote needed public improvements, and to pay current expenses. That the surplus money now in the Treasury of the Nation shall be used to cancel the interest-bearing debt. That the National Government shall issue no more interest-bearing obligations, and that outstanding bonds shall be paid and cancelled at once. That the postal savings banks shall be established. The equal taxation of all property. That the salaries paid public officers shall be reduced to the basis of just compensation for services rendered, and all unnecessary offices abolished. That there shall be proper legislation for the purpose of collecting and preserving reliable statistics, to form the basis of intelligent action on all labor questions, to the end that labor may be fully and constantly employed and justly compensated. The establishment of just and equitable rates for railroad fare and transportation. That the Legislature, at the earliest moment possible, shall pass a law giving to mortgagees of real estate the right of redemption for five years after sales. That reasonable limitation laws shall be enacted to prevent land monopolies. The abolition of the State Prison contract system. That no political assessments on candidates for office or office-holders shall be permitted in this party. A reduction of the legal rates of interest. That a debt due for labor performed shall take precedence of all other claims. That no more public lands shall be voted to corporations, but that they shall be held for actual settlers. That we favor a tariff which shall protect American industry and manufacturers. That the Government shall faithfully perform its pledge made to the Union soldier at the time of enlistment, to wit: That they receive 160 acres of land on being discharged, and an equitable payment per month to each soldier, according to the value of the full legal tender dollar.

Ohio Republican.

[Adopted May 28.]

That the Republican party of Ohio, reaffirming the cardinal doctrines of its adopted faith, as heretofore proclaimed, especially pledges itself anew to the maintenance of free suffrage, equal rights, the unity of the Nation, and the supremacy of the National Government in all matters placed by the Constitution under its control.

That the financial administration of the Government by the Republican party, in accomplishing the great work of the resumption of specie payments, in restoring our currency to a par value, in greatly reducing the burden of the National debt, in refunding a large proportion of the same at a rate of interest one-third less than the former rate, thereby alone saving to the

Treasury $13,000,000 a year, and in enhancing the National credit to a standing never before attained, is a source of just pride to the Republicans of Ohio, and deserves the warm approbation of the American people.

Ohio Democratic.

[Adopted June 4.]

That we reaffirm the financial principles heretofore advocated by the Democratic party of Ohio; that the issue of money in any form, and the regulation thereof belong to the General Government alone, and ought not to be delegated or intrusted to individuals or corporations; that we therefore oppose the perpetuation of the present National banking system as a means of control over the currency of the country, and demand the gradual substitution of Treasury notes for National bank currency, to be made receivable for all dues and a legal tender equally with coin, such Government issues to be regulated upon principles established by legislation or organic law so as to secure the greatest possible stability of value. * * * Demanding the full restoration of silver to its original place as a money metal, the same as gold.

Ohio Greenback.

[Adopted at Columbus, June 4.]

That the General Government should issue an ample volume of full legal-tender currency to meet the business needs of the country, and to promptly pay all of its debts. * * * Inflexibly opposed to the issue by the Government of interest-bearing bonds of any description, for any purpose whatever. The National banking system should be immediately abolished. * * * A tariff amply sufficient for protecting American industries should be maintained till a free financial system may have shown it to be unnecessary to tax labor for the support of capital. All internal revenues should be dispensed with, and a graduated income-tax substituted. We demand the immediate calling in and payment of all United States bonds in full legal-tender money.

Pennsylvania Republican.

[Adopted July 23.]

* * * In favor of the discharge of the National debt in coin, according to the understanding between the Government and the lender; of a paper currency redeemable in coin, and of the existing National banking system. * * * Demand that our present financial system remain undisturbed. * * * That to the policy and practice of protection to home industry and home production inaugurated and sustained by the Republican party, we are indebted for the growth and development of our domestic and foreign commerce, and for the prosperous condition and strength of the National finances, and that to the continuance of that policy must we look in the future for assured prosperity and peace throughout our whole country. In fostering the same we desire to insure constant employment to labor at remunerative wages. * * That the United States of America is a Nation, not a league. Its Constitution, and all laws made in pursuance thereof, are the supreme law of the land, anything in the constitution or laws of a State to the contrary notwithstanding.

Pennsylvania Democratic.

[Adopted July 16.]

That the Democratic party, as of old, favors a Constitutional currency of gold and silver, and of paper convertible into coin.

Pennsylvania Greenback.

[Adopted July 15.]

* * * In favor of the payment of the National debt strictly in accordance with the stipulations of the contract under which it was created, and that no more interest-bearing bonds of the Federal Government be issued. * * * That the Federal Government only shall issue money; that such money shall be full legal tender, and that full legal-tender greenbacks shall be substituted for National bank notes. * * * Demand, for the sake of economy and convenience, that the trade dollar and fractional silver coin be replaced by fractional paper currency. * * * Demand the enactment of an income tax law.

NOTE.—The expenditures for 1869, 1870, 1871, 1872, 1873, 1874, 1875 and 1876 have been analyzed at the Treasury Department, and the amounts paid directly on account of the rebellion were as follows:

‡ The unusually large payment of interest on the public debt during the fiscal year 1878 is accounted for by payments of interest which had accrued in former years, and by the fact that from July 1, 1877, to July 1, 1878, a large amount of 6 per cent bonds (interest payable January and July) were funded in bonds bearing 4 1-2 and 4 per cent interest, payable quarterly. Had the 6 per cent bonds not been converted, the interest thereon from January, 1, 1878, to July 1, 1878, would not have been due and paid until after the beginning of the fiscal year 1879; but the quarterly interest on the 4 1-2 and 4 per cent bonds fell due and was paid during March and April of the fiscal year 1878, and thus caused an apparent increase of interest for the year. The interest falling due within the year was $99,735,461 63.

¶ Includes $5,373,000 on Arrears of Pensions act.

‖ Includes $5,500,000 in payment of the Halifax award, and $3,597,516 41 on account of the Dis't of Col.

** The funding operations involved an increase of interest on public debt. Next year this sum will be largely reduced.

The new constitution was adopted by a large majority, and the debt ordinance, which was submitted to a separate vote, was also approved by a majority of about 5,000 votes, as indicated by the returns received up to the time of going to press. The debt ordinance provides for a reduction of the interest on the $12,000,000 of debt by proposing to pay, instead of 7 per cent, 2 per cent annually for the next five years, 3 per cent for the following fifteen, and 4 per cent thereafter. No interest is to be paid in January, 1880. Bondholders not willing to accept these terms have the option of exchanging their bonds for new bonds representing 75 per cent of their face value, and bearing 4 per cent interest.

1876.

ADDENDUM.

MAINE.—December 17, 1879, the Governor and Council have announced that, after examining the papers, they have certified the election of 20 Fusion Senators and 11 Republican, and the election of 78 Fusion Assemblymen and 61 Republican. For five cities—Portland, Bath, Lewiston, Rockland and Saco, with twelve representatives—no certificates have been issued. The result of the count is to dissipate the Republican majority of 7 in the Senate and 29 in the House, and to substitute a Fusion majority of 9 in the Senate and 17 in the House—making a net change of 62 votes. As there was no choice of Governor by the people, the Legislature will choose a Governor. Much excitement has followed the action of the Governor and Council. At this date, the result of the controversy is uncertain.

LOUISIANA.—Complete, but unofficial, returns show a majority of 30,751 for Wiltz for Governor, and 10,478 for the ordinance scaling the public debt. The majority for the new Constitution is 59,148, but 26,378 negative votes being returned. The Senate will consist of 5 Republicans and 31 Democrats; and the House of 17 Republicans, 76 Democrats, 2 Independents and 1 Greenbacker. Democratic majority on joint ballot, 82.

KENTUCKY.—The precise strength of parties in the Legislature is: *Senate*—4 Republicans, 34 Democrats. *House*—Republicans 17, Democrats 83—Democratic majority on joint ballot, 96.

U. S. SENATOR.—On December 16, 1879, William Mahone was elected U. S. Senator from Virginia to succeed Robert E. Withers, from March 4, 1881, to March 3, 1887. The vote was: *Senate*—Mahone, 23, Withers 13, Williams C. Wickham 3, John W. Daniel 1. *House*—Mahone 56, Withers 40, Wickham 2. [Mahone's vote was made up of 'Readjuster' Democrats and all the Republicans except five.]

CORRECTION.—On page 32, in the table of "imports" for 1879, the figures showing the value of goods "brought in American vessels" should be $143,590,353, not $743,590,353.

The O'Conor vote given on page 41 should be credited to 1872.

Health is Wealth.---Health of Body is Wealth of Mind.

RADWAY'S

SARSAPARILLIAN RESOLVENT.

Pure blood makes sound flesh, strong bone and a clear skin. If you would have your flesh firm, your bones sound without caries, and your complexion fair, use **RADWAY'S SARSAPARILLIAN RESOLVENT.**

A remedy composed of ingredients of extraordinary medical properties essential to purify, heal, repair, and invigorate the broken-down and wasted body—QUICK, PLEASANT, SAFE and PERMANENT in its treament and cure.

No matter by what name the complaint may be designated, whether it be Scrofula, Consumption, Syphilis, Ulcers, Sores, Tumors, Boils, Erysipelas, or Salt Rheum, diseases of the Lungs, Kidneys, Bladder, Womb, Skin, Liver, Stomach, or Bowels, either chronic or constitutional, the virus of the disease is in the BLOOD which supplies the waste, and builds and repairs these organs and wasted tissues of the system. If the blood is unhealthy, the process of repair must be unsound.

The **Sarsaparillian Resolvent** not only is a compensating remedy, but secures the harmonious action of each of the organs. It establishes throughout the entire system functional harmony, and supplies the blood vessels with a pure and healthy current of new life. The skin, after a few days' use of the Sarasparillian, becomes clear and beautiful. Pimples, Blotches, Black Spots, and Skin Eruptions are removed; Sores and Ulcers soon cured. Persons suffering from Scrofula, Eruptive Diseases of the Eyes, Mouth, Ears, Legs, Throat and Glands that have accumulated and spread, either from uncured diseases or mercury, or from the use of *Corrosive Sublimate*, may rely upon a cure if the Sarsaparillian is continued a sufficient time to make its impression on the system. PRICE $1 PER BOTTLE.
